

Allegan County Community Mental Health Services
2018 Strategic Planning
Solicitation of Feedback from the Community

You are invited to assist ACCMHS with planning for the future by participating in a Strategic Plan survey. The best ideas evolve when everyone has a voice. Yours is needed. Please take a moment to express what you want your Community Mental Health Services to look like in Allegan County by completing the survey.

For Consumers/families: https://www.surveymonkey.com/r/Consumer_Family

For Stakeholders/agencies: https://www.surveymonkey.com/r/Allegan_Community

The most important element of a Strategic Plan is for an organization to understand the needs of its citizens. The feedback you provide will help us develop goals based on the values of the community.

At Allegan County Community Mental Health, we truly care about hearing from you. Please tell us:

- What's most important to you
- How to design programs and services that best meet the needs of the community
- What new methods will protect and enhance the agency's financial resources
- What new and creative ways will efficiently provide whole-person services that care about recovery, prevention, supports and services, as well as employment, housing and overall healthcare

Deadline for the survey is March 10, 2018.
